ful work, are the claims upon which we solicit a share of your business in the future. Thanking those who have favored me in the past and hoping to continue to please them, I am respectfully,

F. A. LEE.

## STRIKE SETTLEMENT.

Efforts Being Made to Bring the Trouble to a Close.

## CHANCES EXCELLENT

President Mitchell Intimates a Settlement Can Be Effected Through Others—Move to Stop Soft Coal Shipments.

Philadelphia, Sept. 28.—There is a widely circulated report that negotiations are pending and rapidly nearing completion for an amicable settlement of the strike. While the identity of the person or persons who are said to be at work endeavoring to bring about the immediate and peaceful adjustment of the differences between the employers and employees has not been disclosed, it was openly admitted in authoritative sources that such an endeavor was in progress.

President Mitchell, the head of the striking miners' organization, expressed the belief that operators had decided to offer the miners an increase of wages, but he declined to admit whether he possessed any further information. From Scranton comes the statement that at a conference of coal operators in that section the opinion was prevalent that the influences at work were of a strong political nature and that the operators would be obliged to offer the men at least the concession of an increase in wages.

Coupled with nearly all the reports of a probable settlement of the trouble came the announcement that the men would be offered an increase of pay, but that the mine owners would positively decline to arbitrate the differences through President Mitchell, or, to in any manner give recognition to the United Mine Workers organization. This refusal of recognition, however, would not prove a difficult obstacle to overcome, as President Mitchell has expressed his willingness to accept a settlement through separate conferences of committees of the employees and their direct employers.

Where there were any changes in the coal strike situation yesterday the changed condition was in favor of the strikers.

### WATCHING CLOSELY.

Move Made to Stop Soft Coal Shipments to Anthracite Districts.

Hazleton, Pa., Sept. 28.—President Mitchell, of the United Mine Workers, has sent a telegram to the central Pennsylvania bituminous coal fields which may have the effect of bringing the soft coal miners into the strike. The telegram asked Richard Gilbert, secretary of district No. 2, to instruct mine workers that they are not to load coal for shipment into markets formerly supplied by anthracite operators.

President Mitchell said that he had been watching the bituminous coal fields closely for just such a move as he alleges has been made by the railroads mentioned in his telegram and he does not fear that they will make much of a success in getting soft coal into the anthracite market.

Labor leaders do not anticipate any suspension of work in the soft coal field unless the operators insist upon sending their coal to anthracite markets.

### Denies Strike Ended.

Hazleton, Pa., Sept. 28.—President Mitchell emphatically denies the strike is ended. He has not been officially notified by any one representing the operators of the reported offer of 10 per cent increase in wages and he says he was not in negotiation with any one.

If an increase of 10 per cent in wages are offered the miners it will probably be done by means of posted notices and personal visitation of representatives of mine owners and not to United mine workers because operators say they will never recognize the organization.

Labor leaders say they feel that union and nonunion men will stand out against the reported offer of 10 per cent increase.

### Nothing Known at New York.

New York, Sept. 28.—Nothing can be learned at the New York offices of the various anthracite coal roads to indicate that the miners strike is any nearer a settlement than heretofore.

According to a Wall street news agency a movement is on foot to have the men go to work at advanced wages at various mines without the formal settlement of the entire strike.

### Smallest Shipment of Coal.

Reading, Pa., Sept. 28.—The tie up in the coal regions resulted in the smallest shipment Thursday for years. Less than 400 cars were sent to tide water—shortage from the usual average of over 7200 car loads.

### Probably Fatally Wounded.

Brenham, Tex., Sept. 28.—Charles Neimast of Long Point was the victim of an accident which may cost him his

life. He and his brother, Julius, were on the Yegua duck hunting. Mr. Neimast dropped from his hand, the handle striking the stirrup, causing it to discharge. The whole load penetrated the groin, inflicting a wound from which it is not thought he will recover.

### Wreck on Southern Pacific.

Ogden, Utah, Sept. 28.—A wreck occurred on the Southern Pacific at Gardner siding. Train No. 4 went into the ditch. Mrs. Lowell of Trenton, Mo., was killed and 15 others more or less injured.

### AMERICANS MISSING.

It is feared Captain Shields and fifty-one men captured.

Washington, Sept. 28.—General MacArthur cables the war department from Manila that on Sept. 11 Captain Devereaux Shields, with 51 men of company F, Twenty-ninth volunteer infantry, left Santa Cruz for Torrijos. Nothing has been heard from him since and it is supposed the entire party, including Captain Shields has been captured with many killed and wounded.

Captain Shields is probably among the wounded. He is from Natchez, Miss., and was Lieutenant colonel of the Second Mississippi regiment in the Spanish war.

Troops have been hurried to the rescue.

Captain Shields appears to have started from Santa Cruz on a gunboat for Torrijos, a small coast port, and it is inferred the boat as well as the body of troops under that officer has been captured, for a dispatch makes no reference to her return.

### DIED OF HIS WOUNDS.

Charles A. Collier Killed by a Burglar at Atlanta.

Atlanta, Sept. 28.—Charles A. Collier, former mayor of Atlanta, and United States commissioner to the Chicago and Paris expositions, died early this morning from the effects of a pistol shot received.

C. A. COLLIER.

ceived early Thursday morning, while searching for burglars. Mr. Collier was one of the most substantial citizens of Atlanta and about the best known man in Georgia and adjoining states.

### ALASKAN TOWN RAZED.

Solomon City Swept Clean of Buildings and People Destroyed.

Seattle, Wash., Sept. 28.—News has been received here that Solomon City, at the mouth of the Solomon river, was devastated by the recent storm on the coast of Alaska. All buildings were either swept away by the waves or were wrecked by the wind. The town had a population of 200, all of whom are destitute and homeless.

A message from the sea was picked up on the beach by a soldier on Sept. 17, near the military reservation. The bottle was tightly corked and a message was written on a common Japanese paper napkin and read as follows:

“Off Port Safety, 11, 1900.—Who finds this please report to authorities. Eight of us left Port Clarence three days ago and are now sinking fast with no hope.”

The message was signed by Jack DeLaney, S. L. Mark, Sam Mark, John Dolan, George Thomas and A. M. Dean.

### Claims He Was Robbed.

Tucson, A. T., Sept. 28.—An old man named Hiram George reached here from Mexico where he claims he was robbed of \$10,000 in Mexican money and wandered on the desert 14 days. He says he was on his way to Galveston where his wife and several children were lost in the flood. He was traveling from a camp with Jim Murphy, his cook, who, he says, held him and robbed him. He says Murphy was afterward caught by the Mexican authorities and shot, and George says his money and mules are at Bachachua, Mex.

### An Editor Assaulted.

Victor, Colo., Sept. 28.—As a sequel to the disorderly proceedings at the Roosevelt Republican meeting in this city Wednesday evening, F. N. Briggs, editor of the Victor Daily Record, was assaulted Thursday in his office. In an editorial denouncing the participants in the riot The Record stated that a “few dissolute women waved rags in the very faces of the distinguished guests.”

E. E. Carr, a miner, who claims that this statement is a reflection upon

## September Days

Are you and we want your grocery, trade, or at least a share of it for this month. We promise the best service—courteous treatment, prompt delivery and the best goods at the lowest prices. We are receiving

Fresh groceries

Constantly and keep pace with the seasons in our purchases. We will make it to your interest to try us this month.

## The Bryan Grocery Co.,

TOM A. SEARCY, Manager.

## Pipe work and plumbing,

Water Backs in Stoves, Fitting up Reservoir, Bath Tubs, Hose Repairing, Etc. Leave orders at Wilcox's blacksmith shop or at The Bryan Eagle office; work promptly done.

## THE DAILY EAGLE.

BY CONNELLY, PALMER & CARNES.

SUBSCRIPTION PRICE:  
per Week, 10c. - - Per Month, 40c.

San Antonio holds the palm as  
the largest city in Texas.

Bryan is getting cotton and trade  
from all directions.

The Brazos river has broke the  
record on big rises this year.

Germany seems bound to have a  
scrap over the Chinese question.

A Card.

To the Public-Spirited People of

Bryan:

Believing, from representations  
made to me by many good citizens of  
Bryan, that an academy for girls  
similar to the Allen Academy for  
boys, is greatly needed and would be  
patronized and, having been assured  
of support if I would undertake to  
establish such an enterprise, I have  
issued my prospects for the initial  
year of the school, in full confidence  
that those who gave me such hearty  
encouragement will stand by me and  
help to make the school a credit to  
the community.

I am here to lay the foundation of  
a school intended to be a permanent  
institution of Bryan, and one to  
which the people can well afford to  
give their moral and financial support.

I have not exacted formal pledges  
of support from any one. I have not  
asked for an endowment, donation,  
or concession of any sort. I have  
asked simply for your encouragement  
in the form of limited patronage  
for the present year—sufficient  
to enable me to make a beginning,  
to give me a chance to demonstrate  
my ability as a teacher and my fit-  
ness and capacity to do the work in-  
dicated in my prospectus.

I wish to ask of the far-seeing busi-  
ness men of Bryan, Will such a  
school, aside from its educational  
value, be worth anything in a busi-  
ness way to Bryan? A reference to  
the catalogue of the Allen academy  
is sufficient answer to the question.  
Will it not keep money in circula-  
tion at Bryan, which would other-  
wise go to other Texas towns or out-  
side of the State? A number of girls  
are sent away to expensive schools  
every year who might just as well  
have at home the advantages they

"BEST PRESCRIPTION SERVICE."

## NOT LEAVING PEKIN.

Russian Troops Still in the City  
Awaiting Developments.

## OFFICIALS INVITED.

Emperor and Empress Earnestly Re-  
quested to Return to the City.  
Kang Yi Reported to Have  
Committed Suicide.

London, Sept. 28.—The Russian orders  
to leave Pekin have been suspended for  
8000 troops are there. The other lega-  
tions and troops are uncertain about re-  
mainning, yet they are inviting the Chi-  
nese courts to return for peace negotia-  
tions.

The emperor is at Tai Yuen. Li  
Hung Chang requests his return and that  
of the empress dowager. The Rus-  
sians and French invite the emperor  
and empress dowager. The Americans  
and British invite the emperor only.

The empress dowager demands guar-  
antees for herself and her hostile minis-  
ters before releasing the emperor.

From reliable Chinese sources of in-  
formation comes the statement that  
Kang Yi, the notorious boxer leader, has  
committed suicide in Pekin. If these  
facts be true, they show that the boxer  
is breaking with the Chinese governmet.

It is also said that the empress dow-  
ager has replaced Prince Tuua by Wan  
Wen Chao, who is an intelligent and  
strong man.

General Kang Yi, the Manchu presi-  
dent of the war department and a mem-  
ber of the grand secretariat, is said to  
have embraced the boxer propaganda  
with ardor, and to have participated in  
the destruction of the legations in Pe-  
kin. It was recently announced that he  
was to supersede Sheng as tao tai of  
Shanghai, but that the foreign consuls  
there protested against the selection,  
and that Liu Kun Yi, viceroy of Nan-  
kin, took their objection under consider-  
ation.

### VON KETTELER'S SLAYER.

Chinese Officer Refuses to Sentence Him  
on the Evidence Produced.

Pekin, Sept. 28.—The Manchu assas-  
sin of Baron von Ketteler has been tried  
by court-martial. No new evidence was  
presented and the court decided it would  
be unjustified in pronouncing sentence  
upon the prisoner who, however, will  
be held in the hope that further informa-  
tion will be obtained. Russian and  
German legations are still awaiting de-  
velopments and further instructions.

Li Hung Chang is expected to arrive  
within a week. Business is improving  
and people gaining confidence, but no  
progress is being made towards the re-  
turn of the fugitive government, an  
event so greatly desired by every one.

### WILL BLOCKADE.

Russia to Take Precaution Against Al-  
leged Activity of Chinese Fleet.

Washington, Sept. 28.—A report  
from St. Petersburg, said to have been  
made on the authority of the Russian  
naval staff, that owing to hostile at-  
titude of the Chinese fleet at Shanghai,  
Russia proposes to blockade Chinbe a

"naval port" created much interest at  
the navy department and in government  
circles generally. As there is no state-  
ment to the effect that it is to be pre-  
ceded by a declaration of war, it is as-  
sumed the blockade proposed comes un-  
der the designation in international law  
of "pacific blockade."

Pacific blockade is considered something of an anomaly

and though its justification is not recog-  
nized by some writers on international  
law, it has been resorted to on several  
occasions during the past century and a  
majority of writers now recognize it as  
a measure of constraint short of war.

If the St. Petersburg dispatch proves  
correct the supposition is that as it is  
based on alleged activity of Chinese  
fleet, that a blockade be directed against  
Chinese ports where there are naval  
stores, dry docks or coaling stations.

There are but six of these ports on the  
Chinese coast not within spheres of for-  
eign powers, namely, Niu Chwang,

where the mud dock is, Taku and Tien

Tsin where the Chinese government has

docks and Wanpoa, where the granite

dock is owned by the Chinese govern-  
ment.

### Prospective Citizens.

New York, Sept. 28.—More than 4000  
prospective American citizens have  
passed through the immigration bureau  
at the barge office. They came from all  
parts of Europe and were passengers by  
six different steamers. The Kaiser Wil-  
helm der Grosse, from Bremen, brought  
657; the Oceanic from Liverpool and  
Queenstown, brought 1216; the Spaarn-  
dam from Amsterdam brought 675; the  
Furnessia from Glasgow, brought 275; the  
Friedrich der Grosse brought 1050  
from Bremen and the Milano brought  
190 from Hamburg.

### Cotton Receipts at Galveston.

Galveston, Sept. 28.—Receipts of cot-  
ton today were 6000 bales. Grain re-  
ceipts still only moderate.

Corpses are being found daily and  
burned. Average number discovered is  
now 25 a day.

### Bank Robbed.

Centerville, Mich., Sept. 28.—Wolf  
Bros.' bank here was robbed Thursday  
night of \$20,000. The vault was blown  
open with dynamite. No clew to the  
robbers.

### The Way to Guess.

When you send in your \$1.00 for  
subscription to the Eagle according  
to terms published in our advertise-  
ment of Census Guessing Contest,  
then, or at any time thereafter that  
you wish, you fill out the blank  
below. As soon as we receive this  
blank properly filled, we fill out and  
hand or send you a certificate cor-  
responding to the guess made by you.  
These certificates are numbered con-  
secutively, and cannot be distribut-  
ed around to people generally, but  
are given out only after your guess  
is made. The number on each one  
corresponds to the number on its  
stub. You keep your certificate and  
we send in to the association, the  
stub corresponding with it. If you  
are ready to guess, fill out the follow-  
ing blank, hand it in to the Eagle  
office, and get your certificate. The  
highest prize is \$15,000, and there are  
999 other prizes.

### Boer Servants.

Dr. Livingstone thus describes the  
manner in which the Boers obtained  
servants: "One or two friendly  
tribes are forced to accompany a party  
of mounted Boers, and these ex-  
peditions can be gotten up only in  
winter, when horses may be used  
without danger of being lost by  
disease. When they reach the tribe  
to be attacked the friendly natives  
are arranged in front to form, as  
they say, a 'shield,' then the  
Boers coolly fire over their heads  
till the devoted people flee and leave  
cattle, wives and children to the cap-  
tors. This was done in nine cases  
during my residence in the interior,  
and on no occasion was a drop of  
Boer's blood shed."

### Optimistic Old Sage.

Russell Sage is quoted as having  
said recently that the time is near  
when America will take her place  
at the head of the financial nations  
of the world. "It is something new  
in financing to float British bonds  
here," he continued, "but we have  
so much faith in the credit of the  
mother nation that there is almost  
no limit to the money she could bor-  
row in this land. Next to our own  
bonds, in which I am a great be-  
liever, I would have no hesitancy in  
accepting those issued by the Brit-  
ish government. All we could get  
of the British bond issue was 6  
per cent of the \$50,000,000 sub-  
scribed for. Now those bonds are  
selling today at a premium of 2 1/2  
per cent."

America's Leading Corset

W. B. Corsets are the only corsets made with protective pocket coverings to the bones and steels which prevent them from breaking through the material. This extra covering does away with the annoyance and discomfort caused by the bones and steels piercing the materials.

We carry W.B. CORSETS IN ALL STYLES AND SIZES  
—if you want a long, an extra long, medium, or a short corset,  
in fact any style you may require, we are in a position to give  
you a proper fit.

Watch our show windows for the latest styles.

## PARKS & WALDROP,

MEN'S  
OUTFITTERS

### Bryan Female Academy.

Careful attention of readers of the Eagle is called to the card, published elsewhere in this paper, by the principal of the Bryan Female Academy, Mrs. Faunie Reese Pugh. A female academy is an institution that has been wanted in Bryan for many years. We have now an opportunity to build up one by giving the labors of Mrs. Pugh the proper backing and support.

The Eagle hopes that proper assistance to Mrs. Pugh will be forthcoming. It could not be asked for a teacher unknown, or one not known to be competent to carry out the great work undertaken here by Mrs. Pugh. But, fortunately, she is well known as an educator of many years experience, and of the very highest standing. She is known to teachers and educators throughout this section, having taught in our normal schools in years past. Her name commands respect in educational circles, and an institution of which she is the head commands respect throughout Texas.

Mrs. Pugh has had prospectuses printed, from which all the information necessary can be learned about her school. As art teacher, she has Miss Ethel Hutson, a student of art under some of the best masters in New York. She has no music teacher in her faculty, but her students have choice of several competent teachers of music in Bryan, among them Prof. John Zehnal, graduate of Cracow conservatory, Poland.

Our citizens can aid this institution by working to get students for it among the people of the country who have girls to educate, and the school should have a better patronage from the people of Bryan than has been accorded it so far.

Prospectuses of the school may be obtained at McDougal's drug store. Get some of them and see if you cannot place them to advantage. Many of the greatest schools of America started just as the Bryan Female Academy is now being projected, and why not lend a helping hand to this modest but promising and worthy effort? We hope that it will be done.

John Lindley, colored, tried in the district court here this week on charge of murder, was convicted and sentenced to the penitentiary for life yesterday.

### MANY MEN NEEDED.

Laborers at Galveston in Demand to Clear the City.

Galveston, Sept. 28.—The Galveston auxiliary of the American National Red Cross society has been organized here. All the public relief work will hereafter be conducted through the auxiliary and it is intended to make a permanent organization.

Miss Clara Barton has recovered from her illness and she will address the committee on home building today.

The railroads have succeeded in transferring the undamaged wheat from the cars which were standing on the track in Galveston during the storm and the wharf company is receiving it into its elevators. The wheat in the bottom of the cars was wet. This is also being transferred into other cars. There are not sufficient facilities in Galveston for drying and cleaning all this grain and arrangements have been made to send a lot of it to New Orleans and other points for treatment. There are over 100 carloads of the damaged stuff.

The railroads are still having trouble in getting men to work both in Galveston and on their lines outside. There is an immense amount of work to be done on all lines and men have their choice of jobs. Cotton pickers up the state are being paid from 75 cents to \$1 for picking cotton and negro laborers above quit the railroads to work in the fields for the higher wages. The Santa Fe road is to bring some 300 Italians from Chicago to work at different points north of Galveston, and it is reported that the Southern Pacific will bring a large number of Mexicans to work on its lines in eastern and central Texas.

The trouble in Galveston is not only with laborers, but with carpenters as well. Nearly every man in town who is not a carpenter is trying to get a carpenter to work for him and it has bulled the market. The wages being paid in town for carpenters are so much higher than the railroad scale that some of the railroad carpenters have jumped their jobs.

Grand Chancellor Ben S. Rogers of the Knights of Pythias and Tom C. Swope of the general relief committee have arrived in Galveston and organized the relief committee for the distribution of the funds among Galveston Knights of Pythias. The fund for the relief of Pythians in the storm stricken district has reached about \$13,500 of which Galveston has received about \$10,000.

Grand Chancellor Rogers has made a second urgent appeal to all Pythians in the United States to contribute to this fund, as \$50,000 will be needed to render any practical assistance to the Pythians here, over 500 of whom have suffered in most instances a total loss of all their earthly belongings.

### TAKING OUT INSURANCE.

Officers and Men in the German Navy Protecting Themselves.

New York, Sept. 28.—That the officers and men in the Germany army are firm in the belief that war is imminent between Germany and China is reflected in the unusual number of applications which have been made to a life insurance company in this city for policies on their lives. Hundreds of applications have been received through a Berlin agency.

The process of issuing these policies or risks which have proved acceptable was begun several days ago by one company, and a large corps of clerks has been since employed night and day preparing policies to be sent abroad. Information which came from Berlin was of such a character that the declaration of war was believed to be close at hand.

With each application there was a request that it should be issued at once and the risk be made binding. The request was also made to have the policies sent to Germany as speedily as possible. In order to do this the extra force of clerks were set to work.

### Warrants for Whitecaps.

Guthrie, O. T., Sept. 28.—Warrants have been issued for the arrest of a number of farmers of Kingfisher county on a charge of whitecapping. Several nights ago a party of ten regulators visited the home of James Garst, four miles southeast of Columbia, in Kingfisher county. They found him, two men named Edson and Ooze and a woman at the house. The spokesman notified Garst that he would have to leave the country. While they were talking a gun loaded with bird shot was discharged. Fourteen shot struck Garst in the back of the neck and legs. Garst recognized some of his visitors and fled information with the county attorney, which caused the issuance of the warrants.

Plot to Mob Roosevelt.

Pueblo, Colo., Sept. 28.—A plot to mob Roosevelt was foiled Thursday by the mayor and chief of police, both of whom are Democrats. A dozen leaders have been arrested.

Theodore Roosevelt spoke to a large crowd here in the afternoon. The feature of his speech was an effort to make political capital out of the Victor episode. The audience, while not disinterested, plainly showed that it did not relish the governor's use of the episode, and there was some hissing.

### El Paso to Have a Carnival.

El Paso, Tex., Sept. 28.—The young men of this town have organized for the purpose of holding a midwinter carnival here Jan. 17, 18 and 19, 1901. The chief features of the carnival will be bull fighting in Juarez and the illumination of Mount Franklin, overlooking the city, to resemble a volcano eruption.

## THE FLOOD NOT OVER

Water in Nearly All the Streams Is Still Rising.

## DAMAGE DONE GREAT

The Colorado, Brazos and Trinity Rivers Over the Bottoms and at Some Places Getting to the Danger Point. 1899.

Waco, Tex., Sept. 28.—The Brazos river is still rising at Waco and an overflow now seems certain. The rise was more rapid yesterday than at any time and a message from Kopperl reports a fresh rise there and a more rapid one than the other. The water is 10 feet below the high water mark of 1899, but does not have to reach that point to overflow thousands of acres of the bottom farms.

Advices from the lower Brazos are to the effect that back water has inundated the lowlands flooded last spring, but had not broken over its banks. The river has been constantly rising for six days, a record breaker as to the length of time.

The rise in the Colorado has reached Columbus and two bents in the Southern Pacific's bridge have gone, interrupting railroad traffic to the west.

### TRINITY STILL HIGH.

At Fort Worth the Water Covers the Bottoms for Miles.

Dallas, Sept. 28.—The Trinity is again rising at Fort Worth and here. A special from the former place says the bottoms are inundated to a depth of three to four feet and the situation has a very serious look just now. If the river rises little more Fort Worth's street car service will be crippled.

Reports from the lower Trinity say that the first flood is passing without much damage.

One life has been lost here by the flood. An old negro drove off the pike and was drowned together with his horse.

### Flour Mill Washed Away.

Eliasville, Tex., Sept. 28.—This town is having the worst overflow it has ever experienced. The back end of the Eureka Roller Water mills has fallen into the river. The cotton seed house, with several thousand bushels of seed, is wrecked and the seed ruined. Stocks of merchandise and household goods had to be taken to the part of town not under water. Hundreds of bales of cotton have been washed away or ruined in the field. Corn, wheat and all farm produce have been washed away.

### Colorado Continues to Rise.

Austin, Sept. 28.—The Colorado river continues to rise slowly and reports from above stated that further rises are on their way down. A great amount of drift is coming down and a force of men went to the county bridge at this place to keep the drift from accumulating at that structure. Much of the lowlands below this city is being flooded and the losses to cotton and other crops will be heavy.

The canal leading to the filtering ditches of the city works has been washed away, causing a loss of about \$1500.

### Made Crazy by a Wolf Bite.

Laredo, Tex., Sept. 28.—A goat herder who was bitten several days ago by a rabid wolf near San Ignacio, 60 miles below Laredo, became insane and killed three small children before the officers finally overtook him. It was necessary to rope him before he could be brought under subjection. He is now in jail at Carrizo.

### Baby Crawled Into a Tank.

Waelder, Tex., Sept. 28.—The baby boy of Charles Friesner crawled into a tank here and was downed. The mother left the little fellow asleep at the house and an older brother to watch him. The older brother went to sleep and when the little fellow awoke he crawled out of the house in search of his mother and into a ground tank near by.

### Boiler Explosion.

Corsicana, Tex., Sept. 28.—The King soling's power house, located in the oil field here, was totally destroyed by a boiler explosion and the machinery blown to atoms Thursday. The damage to property will amount to \$2500. No person was killed, but some had narrow escapes.

### WILL Run the Cottonmills.

Waxahachie, Tex., Sept. 28.—Thomas Howorth of Windsor, Nova Scotia, has arrived and will take charge as superintendent of the Waxahachie cottonmills, in course of erection here. Mr. Howorth has had large experience in the operation of cottonmills.

### To Move Carpenters' Headquarters.

Indianapolis, Sept. 28.—The national headquarters of the Brotherhood of Carpenters and Joiners will be moved to this city. The headquarters are now located in Philadelphia, and the transfer will take place within the next month.

### Palmer's Remains Buried.

Springfield, Ills., Sept. 27.—Under leaden skies and with a cold rain falling the remains of General John M. Palmer, soldier, jurist, statesman, and writer, were laid away in the cemetery at Carlinville Thursday afternoon.

### Hanging in Tennessee.

Nashville, Sept. 27.—Dillard Warren was hanged at Woodbury, Cannon county, for the murder of El. Evans. The hanging was private.

## TWO LARGE CHECKS.

They amounted to \$2,250,000 and were for Australian Gold Deposits.

New York, Sept. 28.—Two large checks, one for \$1,250,000 and the second for \$1,000,000 have been received in this city. The checks were drawn upon the New York subtreasury and have been received by representatives of the houses who have deposited Australian gold with the government on the Pacific coast.

The checks will go through the clearing house, and while appearing in the bank averages for but a single day, will militate toward improving to some extent the next bank statement.

The active shipments of currency during the week to the agricultural sections, particularly to the south, have created quite a general expectation of a particularly poor bank showing this week. The latest currency transfers through the subtreasury amounted to \$550,000 including \$200,000 to St. Louis, \$200,000 to Chicago and \$150,000 to New Orleans. Earlier in the week, the shipments south made decidedly the heavier showing.

The latest subtreasury payments on account of Pacific coast deposits of gold amounted to \$339,818. All of this was against gold deposited in Seattle.

### AMERICANS QUARANTINED.

Scarlatina Appears Among Them While at Quebec Watering Place.

Quebec, Sept. 28.—Many members of the large American colony at Murray bay, the fashionable watering place of the lower St. Lawrence, are in a sorry predicament, being quarantined for scarlatina in their families and unable to leave for home.

The disease first declared itself in the household of Justice Harlan of the United States supreme court, Miss Harlan having been the first victim. The family had made purchases of home made Canadian rugs, homespun cloth, manufactured by the local French housewives and these are believed to have carried the infection.

Almost simultaneously with its appearance at the Harlem cottage the disease appeared in the summer homes of the Mintones and the Sloanes of New York, and these are now quarantined, as well as the residences of other American families. So far none of the cases reported appears to be dangerous.

### Four Workmen Killed.

Edwardsville, Ills., Sept. 28.—An accident occurred at Glen Carbon which resulted in the instant death of four men and seriously injuring another. The walls of a new brick kiln on the property of the St. Louis Press Brick company caved in, burying the men beneath the debris. The men were at work at the bottom of the kiln, constructing the flue, when the accident occurred. A storm was in progress at the time, and the wind and heavy rain caused the walls of the kiln to cave in.

### Detectives Run Out of Town.

Washington, Ind., Sept. 28.—Two detectives in the employ of the Antisaloon league made their appearance at Plainville, 10 miles north of here, and after procuring evidence, filed 25 affidavits against druggists of that town for alleged liquor selling. The detectives were set upon by a crowd of men and boys who stopped the officers and forced them to take refuge in the Hedden hotel. The detectives slipped out of a rear door, caught a train and have not been seen since.

### Fatal Quarry Explosion.

Louisiana, Mo., Sept. 26.—George Thompson met a terrible death near here. While at work in the quarry of the Crystal Carbonate Lime company, he jammed a crowbar into an old blasting charge which had failed to go off when inserted, but exploded when he struck it. Both his legs were blown off, one hand shattered and he was otherwise injured. He died before his injuries could be dressed.

### Mrs. Nora Woodruff Sentenced.

Nashville, Sept. 28.—Nora Woodruff, who was convicted of the murder of her stepson, five years of age, was sentenced to life imprisonment by Judge Anderson, in the criminal court. Mrs. Woodruff has been tried four times and twice been convicted of murder in the first degree. A plea of present dementia was interposed as a bar to formal sentence, but was overruled.

### Serious Charges.

Manassas, Va., Sept. 28.—The principal of Prince William normal school at Brentsville, has been arrested upon a warrant charging him with having committed a felonious assault upon a young girl 15 years of age who was a pupil of his school. He waived examination and was committed to jail to await the action of the grand jury next Monday.

### Boers Attack Paget.

London, Sept. 28.—Roberts reports under date of Pretoria, Sept. 27, that the Boers attacked a portion of Paget's force at Piemars river station, but was beaten off after three hours' fighting.

Buller occupied Mac river and the eastern side of Burghers pass on Sept. 26, after a slight resistance. Heilbron, Beitz and Lindley have been reoccupied.

### The Columbian Revolution.

Kingston, Sept. 28.—Advices received from Colon, Columbia, say the rebel forces again advanced to within 14 miles of Panama, but were checked there by the government troops. The latest news was that fighting was proceeding.

### Henderson Sells His Farm.

Paris, Tex., Sept. 28.—Hon. Travis Henderson, known throughout the state as "farmer statesman," has sold his farm, three miles southeast of Paris, for \$30,000.

Another big shipment  
of  
New Picture Mouldings  
received.  
Willis & Coleman.
